GIS Internship
City of Springdale, AR

City of Springdale (Engineering Dept) will be offering a part-time (approx. 25 hr/week) GIS Mapping internship beginning in April –May 2016 timeframe. We are seeking a student working towards a BS (JR or SR preferred) or MS degree in Geosciences, Civil engineering or related field.

- Experience with ESRI ArcGIS required; AutoCAD and Trimble GPS experience is desirable.
- Anticipated wage rate of $13.00/hr depending on qualifications.
- Candidate must be a U.S. citizen (Arkansas residence preferred) and should have good oral and written communication skills.

Apply by 3/31/2016.

Work Description:

The successful candidate will be working on an Engineering/ Public works project to create GIS datasets for public works infrastructure management from existing shapefiles, AutoCAD files and printed construction drawings as well developing new data using the City's GPS equipment. Individual must be a self-starter and able to produce a completed project dataset without continual supervision. Individual will work under the supervision of the Technical Services Manager in collaboration with Engineering, Planning and IT Dept personnel.
